About Me

I am a dedicated web developer with 1.6+ yrs experience in HTML, CSS, JavaScript, PHP, and various frameworks. I have a proven track record of delivering high-quality websites and applications. Passionate about technology, I continuously hone my skills and contribute to diverse projects, demonstrating strong problem-solving and teamwork abilities.

Professional Experience

Recenturesoft PVT Ltd | PHP Web Developer

July 2023 – Present

Key responsibilities:

- Implement CRM features allowing clients to manage their garage operations effectively, leading to increased client satisfaction and retention.
- Develop and manage fully customizable CRM systems, enhancing company profitability through improved sales processes.
- Handle server-side logic, create user interfaces, and maintain data models and controller functions.
- Perform SQL database operations to ensure efficient application functionality and data handling.
- Process programs using Ajax and SQL Adapters

Codleo Consulting | Web Developer

Nov 2022 – June 2023

Key responsibilities:

- Built websites from scratch, utilizing extensive knowledge and dedication to complete projects on time.
- Conducted client meetings to gather requirements and ensure the final product met client expectations.
- Created responsive layouts for web applications using ReactJS and TypeScript to implement the MVC structure, facilitating data collection from webpages and passing it to the backend.
